MANUFACTURING

Our Products are known for its Great Quality, Amazing Taste and Rich Aroma. Our Customers have delighted to get Best Quality at Good Price.

1.Kodri

Name:

Kodri – Also Known as kodri / Kodo Millet / Kodra Millet / Rice Arka / Foxtail Millet / Varai / Varagu / Khododhan Kodra / Kodon.

Packing:

25 kg, 50 kg

Description:

Kodri is type of type of millet, somewhat similar to barley. These are whitish to cream colored grains, which are very nutritious. Its taste is quite similar to that of broken rice or Rice kanki. It is largely consumed by the Lower Middle class community in India. You can cook it by pressure cooking or steaming, just like the way you cook rice. It can be eaten either plain or with masalas added. You can also try eating it by adding little melted ghee.

Health Benefits

- It Is the Best Option of Rice for Diabetic People.
- Kodri contains good amount of carbohydrates, proteins and fats, and thus comprises a balanced meal.
- The energy value is also high and suitable for the undernourished group.
- It is rich in the mineral calcium, which helps in teeth and bone growth and maintenance.
- There is some amount of phosphorus also present in kodri.
- This millet contains good dietary fiber and therefore has a low glycemic index.
- It has good amounts of Arginine, Tryptophan, Phenylalanine present, which are Essential Amino acids required by the body.

2. Wheat Flour

Name:

Wheat Flour/Chakki
Fresh Atta

Packing:

25 kg

- We offer premium quality Wheat Flour. We are among some of the most prominent names in the industry for manufacturing whole wheat Atta. Atta is the basic requirement of every home as it is used for preparing chapattis and other food items. We do not take any chance in terms of quality and so we follow hygienic processes for producing premium whole wheat atta.
- We offer quality Whole Wheat Flour (Chakki Fresh Atta) and assure our customers highest standards of food safety and hygiene. Our whole wheat has a longer shelf life and has no added flavour or preservatives. Free from impurities, our whole wheat atta is high on nutritional value. This means you serve soft, fluffy rotis that will be relished by one and all.

3. Chanadal / Split Chickpea

Name:

Chanadal / Split
Chickpea

Packing:

25 kg, 50 kg

- This is one of the best quality of Chanadal. It is produced from Saurashtra's Famous, Tasty and Bold Chickpeas. The process is complete Natural process Using Sunlight and not using a Dryer.

ANIMAL FEEDS / CATTLE FEEDS

- We are widely known for offering quality Cattle Feed to the customers. The Cattle Feed is processed using best quality ingredients and advanced processing techniques, under the guidance of our experts. This products is widely demanded by the clients for its high nutritional value and balanced ingredients. Presence of energy boosters in Cattle Feed helps in improving and maintaining the good health of animals.
